ABOUT

Set Decorator, Film & Television

Set decorator based in the Vancouver film region, 10+ years in the art department. Credits span features, series, and movies for Netflix, Hulu / Marvel, Fox, ABC, CBC, Legendary, and Hallmark. I interpret each script into fully realized, camera-ready sets, built to budget and schedule in step with the production designer and the collaborative team unique to each film or series. For eight years I have led the same core set-decoration crew – a trusted, efficient unit known for its strong work ethic and for delivering under pressure.
